OBJECTIVE

To leverage my technical expertise, analytical skills, and problem-solving abilities in a dynamic environment, contributing to organizational success while fostering personal and professional growth.

PROFESSIONAL EXPERIENCE

Software Engineer – I

June 2025 – June 2026 (1 year)

Axyz Technologies | Chalakudy, Kerala

- Developed scalable web applications using Vue 3 and JavaScript for the frontend.
- Built backend services using Node.js and Express.js following RESTful architecture.
- Designed responsive and modern user interfaces using Vuetify and Tailwind CSS.
- Developed and integrated REST APIs for seamless frontend–backend communication.
- Tested and debugged APIs using Postman to ensure accuracy and performance.
- Implemented authentication, input validation, and role-based access control.
- Optimized application performance and improved user experience across devices.
- Collaborated with team members using Git and Agile development practices.

Junior Software Engineer Intern

March 2025 – June 2025 (3 months)

Ladder7 Nextstep Solutions | Thiruvananthapuram, Kerala

- Built web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Created RESTful APIs, interactive React components, and real-time features like timers.

Python Full Stack Intern

October 2023 – January 2024 (3 months)

Inmakes Infotech Pvt. Ltd | Kochi, Kerala

- Developed and maintained web applications using **Django** with **SQLite3** backend integration.
- Collaborated with teams to **debug, optimize, and enhance** application performance.

SKILLS SUMMARY

- **Languages & Databases:** Node.js, JavaScript, HTML, Python, CSS, MongoDB, MySQL, SQLite
- **Frameworks & Libraries:** Django, Express.js, React.js, Redux, Bootstrap, Tailwind CSS, Vue 3, Nuxt 3
- **Analytical Skills:** Data Analysis, Business Analysis, Process Modeling, Troubleshooting
- **Project Management:** Agile Methodology, Time Management, Collaboration, Task Prioritization
- **Tools:** Git, GitHub, Sublime Text, Postman, Visual Studio Code, Vite, npm, Chrome DevTools, MongoDB Compass
- **Soft Skills:** Problem Solving, Communication, Adaptability, Teamwork

PROJECT

E-commerce Admin Dashboard (Vue 3 + Tailwind + REST APIs)

- Engineered a scalable admin dashboard using Vue 3, Vite, Tailwind CSS, and Vue Router.
- Implemented secure authentication using **JWT, Pinia (state management), and route guards**.
- Built product, inventory, and order management systems with **REST APIs and Axios**.
- Developed analytics dashboards using **Chart.js (vue-chart-3)** for real-time insights.
- Built a modular page builder and file management system using Uppy, CKEditor, and cloud storage.

Global Web Production Website(GWP)

- Built a fully responsive service showcase website using **React.js** and **Tailwind CSS**.
- Implemented reusable React components to structure pages such as Home, Services, About, Blog and Contact.
- Used **Tailwind CSS** utility classes to create a clean, modern, and mobile-friendly UI design.
- Integrated smooth scrolling and animated transitions using **Framer Motion,** for an enhanced user experience.
- Optimized images, layout, and components for faster loading and better performance across devices.

Data Analysis - EDA in House Prices

- Performed exploratory data analysis (EDA) on house price data to identify pricing trends.
- Used Jupyter Notebook for analysis and visualization.
- Cleaned and transformed data for better insights.

Ecommerce Website

- Developed a full-stack e-commerce site using Django and Python for backend logic and data handling.
- Built a responsive UI with HTML, CSS, JavaScript, and Bootstrap.
- Used SQLite for managing product, category, and user data.
- Enabled dynamic product display and media upload for a smooth user experience.

EDUCATION

UNIVERSITY OF CALICUT **2024**

Bachelor of Computer Applications (BCA)

GOVT. MODEL HIGHER SECONDARY SCHOOL, THRISSUR **2020**

Higher secondary

DON BOSCO CENTRAL SCHOOL **2018**

High school

CERTIFICATION

- **Python Full Stack Internship Certificate –** Inmakes Infotech Pvt. Ltd. (July 2024)
- **Junior Software Engineer Internship Certificate –** Ladder7 Nextstep Solutions **(**June 2025)
- **Master Data Management (LINK)**
- **Crash Course on Python (LINK)**
- **Agile Project: Product Prototype Touchpoint Analysis in Miro (LINK)**
- **AWS S3 Basics (LINK)**
- **Program Procurement Planning with ClickUp (LINK)**
